Agenda 2023

Editorial

Dear Artist Friends and Art Lovers,

Welcome to Dubai for our second edition of the 2023 World Art Dubai at the World Trade Center. This year, Multi Art Gallery has its own stand at the entrance of the art fair with eight participating artists. Dubai is the city of superlatives, that's what we like! A colorful universe, sublimated by various cultures where art is everywhere.

About us

Multi Art Events is a Monaco based organization founded in 2013 by Wendy Lauwers. It is an original concept dedicated to promoting contemporary art through three entities : **Multi Art Events, Multi Art Gallery and 'ART' Art Riviera Tour.**

The synergy of these three entities gives an unique insight in today's contemporary art where artists are placed in the heart of news by propelling them both in the press and social network, as well as in notoriety through events and the follow-up done for each artist individually.

Multi Art Events

Multi Art Events is an artistic platform recognized for the quality of its own events and for its collaborations with certain large-scale international events. Multi Art Events creates artistic events, highlighting artistic creation in all its forms and in the diversity of its most striking trends.

Multi Art Gallery

Wendy Lauwers reinvented the concept of the traditional art gallery by adapting it to today's expectations. Multi Art Gallery is an online contemporary art gallery that offers its artists and collectors the same services as a traditional gallery.

Multi Art Gallery represents over hundred contemporary artists from all nationalities, each representative of a strong current in their own artistic discipline (painters, sculptors, photographers, designers...).

The online gallery also supports occasionally events organized in exceptional places. Many Multi Art Gallery artists have been with us for years and honor us with their trust.

ART Art Riviera Tour

The Monegasque online art gallery 'Multi Art Gallery' by Wendy Lauwers. Art Riviera Tour 'ART' is an ephemeral art exhibition that includes a rigorous selection of international artists.

The first edition of the temporary exhibition was launched in 2020 in Saint-Tropez. The 4th edition will take place in July 2023 in France in Saint Jean Cap Ferrat.

Belinda Bussotti, Alias Beli Monaco

Her large canvases of corals joined the H.S.H. Prince Albert II Foundation (FPA2) following the UPAW 2018.

In 2020, Beli founded Art Action, an online gallery, to go further in her approach to help the oceans.

Interview of Jean Dolande

How did you come to take up painting?

As seeker after emotions, I have experienced the word, then the gesture of the mime; I wanted to transpose the same emotion on the canvas.

How do you work?

According to the emotional scale within which I decide to work through letting go I try to reach emotional purity, just like the ultimate sound of a violin string.

Painting and emotion?

I'm dedicated to emotion like priesthood.

The emotion is pure, ultimate and vibrant and enables you to approach some truth, it projects you beyond yourself.

What do colours mean for you?

Colours have a vibratory impact on each of us and allow us to reset our energies. Imagine life as a system made up of multiple and infinite vibrations among which human beings act as transmitters, receptors of vibrations.

Nathalie MN La Rouge

France

Nathalie-MN, known as the Lady in Rouge 'Lady in Red', probably because of her passion for this vibrant, lively, and luminous color that inspires her so much.

The French artist in her native Alsace, has always had a taste for eccentricity, to feel this little grain of madness radiate deep in her heart.

Her sparkling temperament, her 'joie de vivre', her love for others and for life from which springs her flourishing and colorful spirit. This is how naturally and alone as an autodidact she created her first canvas in 2007.

Her creations reflect her enthusiastic, positive, and passionate personality. Through her works, we find thousands of facets, an alchemy of colors between flows of pleasure, joy, and happiness.

It is up to you to find your light, which you will interpret according to your wishes. Her paintings will make your living space a place of exception, fascination and prestige.

Emmanuel Oger

France

Emmanuel Oger is a self-taught man, driven by his humanist convictions and his search for meaning.

Initially an entrepreneur, he put his benevolence and high standards at the service of others, in event communication. Then, he took the plunge into creation to give free rein to the Authenticity that he sees as the most courageous of freedoms.

Emmanuel Oger then gave life to “Gallus”, with the deep desire to question this France and this world of the 21st century.

One of the foundations of his creative research is to transcend the classic codes and customs of French know-how by combining techniques and materials that are, at first glance, quite different.

Combining porcelain with carriage paint, symbolizing modernity born of tradition, Emmanuel Oger freely projects his artistic inspirations onto this new white canvas with more than evocative curves...
