# MONACO ABOUT US

Monaco-based Multi Art was founded in 2013 by Wendy Lauwers. It is an original concept dedicated to the promotion of contemporary art based on three pillars:

**Multi Art Events**

**Multi Art Gallery**

**'ART' Art Riviera Tour**

The synergy of these three entities gives a unique insight in today's contemporary art where artists are placed in the heart of news by propelling them both in the press and social network, as well as in notoriety through events and the follow-up done for each artist individually.

## **Multi Art Events**

Multi Art Events is an artistic platform recognized for the quality of its own events and for its collaborations with certain large-scale international events.

Multi Art Events creates artistic events, highlighting artistic creation in all its forms and in the diversity of its most striking trends.

## **Multi Art Gallery**

Wendy reinvented the concept of the traditional art gallery by adapting it to today's expectations. It is an online contemporary art gallery that offers to both artists and collectors the same services as a traditional gallery, representing more than hundred contemporary artists from all nationalities, each representative of a strong current in their own artistic discipline (painters, photographers, sculptors, designers...).

The online gallery also supports occasionally events organized in exceptional places. Many Multi Art Gallery artists have been with us for years and honor us with their trust.

## ART Art Riviera Tour

Multi Art Gallery launched Art Riviera Tour 'ART' in 2020. It is an ephemeral contemporary art exhibition that includes a rigorous selection of international artists.

The 1<sup>st</sup> edition took place in Saint-Tropez. Since 2021, Art Riviera Tour has been held every July in Saint-Jean-Cap-Ferrat in France in collaboration with the city.

## About Wendy Lauwers

Wendy Lauwers, founder of Multi Art Events/Gallery Monaco, has been passionate about contemporary art for many years.

With a personal background that began with foreign languages, through interpreter studies and then a degree in psychology, she is infinitely interested in the complexity and diversity of human beings.

In fact, it became clear to her that art was a major social vector and a particularly effective medium for exchanging ideas.

With a lifelong interest in art and a background in public relations, she offers her expertise and experience as a communicator to her artists in order to optimize the exhibition of their works, both in Monaco and abroad.

A visual artist of Italian origin, I have lived in Belgium since I was born. I grew up in an environment where learning and analyzing were a vector and a choice in order to invest myself in the artistic field. Since 2009, I have been exhibiting my artwork in various venues in Belgium, Europe and the United States (mainly New York). My approach is to express my feelings and opinions through messages and symbols found in the realities of the world.

There are many references in my artistic world. Inevitably linked to my personal culture. All these influences tell me that art is in us, art is all around us, art is us!

Color, matter and light are omnipresent in my creations, as they give rhythm, shape and depth to the subjects I create. I appropriate the space of representation, which leads me to real installations moving tirelessly from canvas to object.

DOMINIQUE GAUTIER

Born in Courbevoie in 1957, he discovered the world during his military service on the helicopter carrier Jeanne d'Arc, visiting 36 countries.

Passionate about photography, he rediscovered this art by photographing his home-cooked meals. In 2012, the purchase of a reflex camera and his entry into a photography club pushed him towards abstraction by manipulating bubbles thanks to computer technology.

His goal is to transform the image into a harmonious, artistic work of art.
