# ABOUT MULTI ART EVENTS

Multi Art Events is a Monaco based organisation founded in 2013 by Wendy Lauwers. It is an original concept dedicated to promoting contemporary art through three entities : **Multi Art Events, Multi Art Gallery and 'ART' Art Riviera Tour.**

The synergy of these three entities gives an unique insight in today's contemporary art where artists are placed in the heart of artistic news by propelling them both in the press and social network, as well as in notoriety through events and the follow-up done for each artist individually.

## MULTI ART EVENTS

Multi Art Events is an artistic platform recognised for the quality of its own events and for its collaborations with certain large-scale international events. Multi Art Events creates artistic events, highlighting artistic creation in all its forms and in the diversity of its most striking trends.

**Multi Art Events organises contemporary art exhibitions in Monaco and in France (Saint-Tropez, Saint-Jean-Cap-Ferrat, Nice, Paris...) and partners with TCM to exhibit its artists in Dubai, Miami and New York.**

By joining the Multi Art Events community, artists not only participate in exhibitions but benefit from regular media support and highlighting backed up by solid visibility on social media. Painters, sculptors, photographers and other visual artists come together under this label on events where there are as many established international artists as promising young emerging artists.

## MULTI ART GALLERY

Wendy Lauwers reinvented the concept of the traditional art gallery by adapting it to today's expectations. Multi Art Gallery is an online contemporary art gallery that offers its artists and collectors the same services as a traditional gallery.

**Multi Art Gallery represents 100 contemporary artists from all nationalities, each representative of a strong current in their own artistic discipline** (painters, sculptors, photographers, designers...). The online gallery also supports occasionally events organised in exceptional places. Many Multi Art Gallery artists have been with us for years and honor us with their trust.

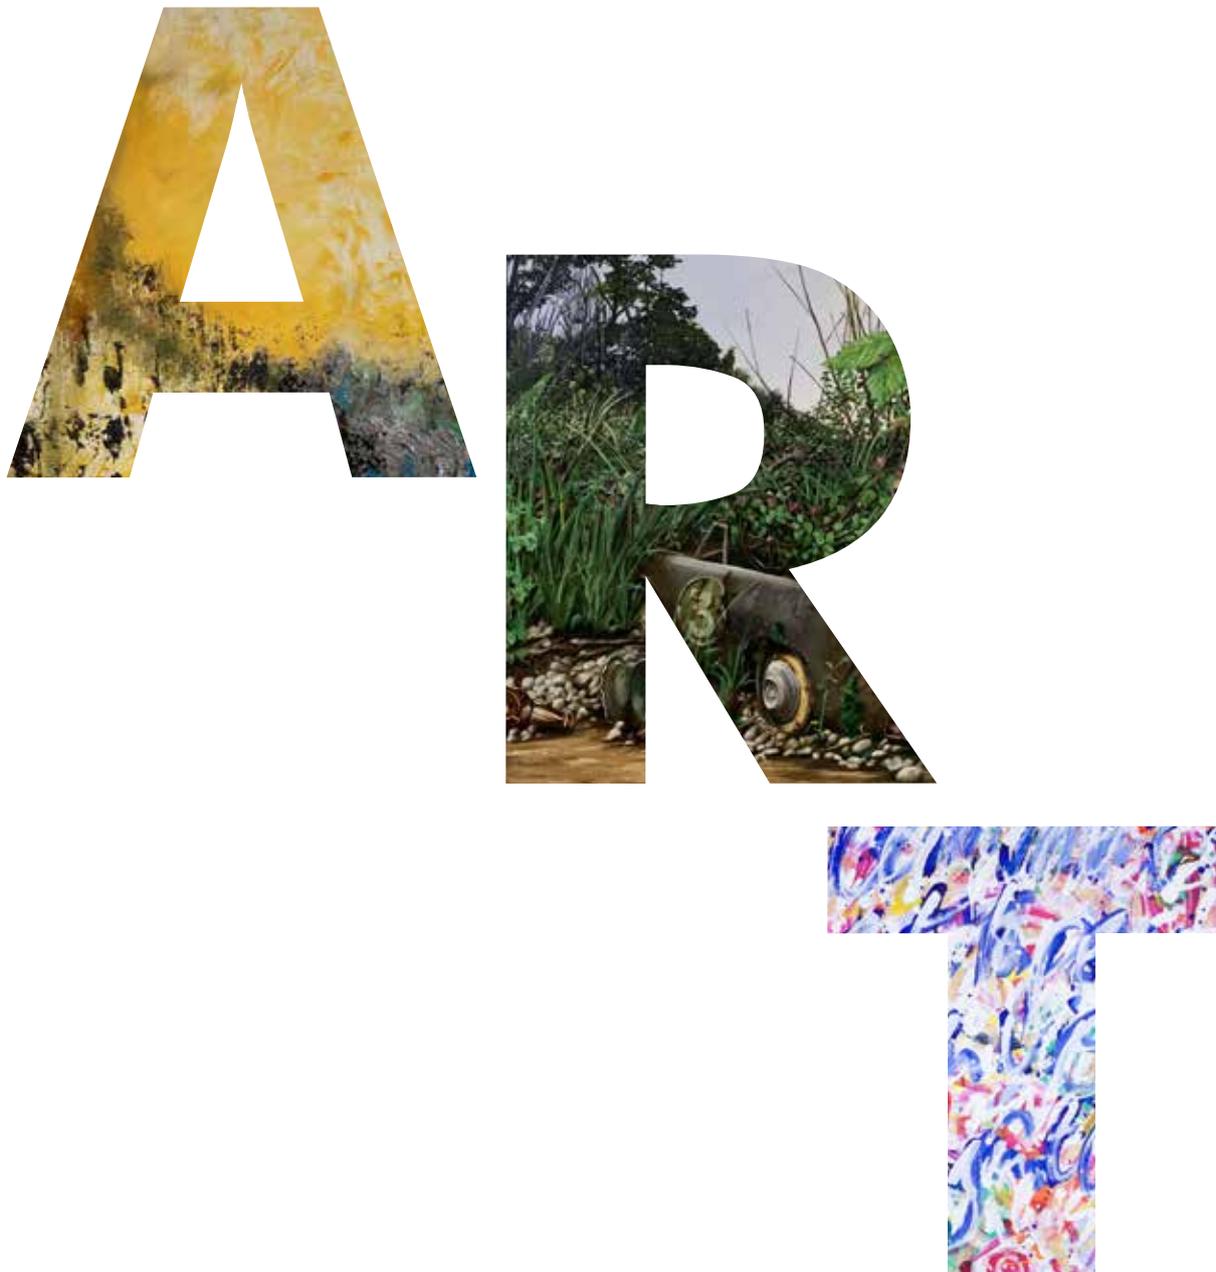

# ART - ART RIVIERA TOUR

The Monegasque online art gallery 'Multi Art Gallery' by Wendy Lauwers launched the first edition of the Art Riviera Tour 'ART' in 2020.

**Art Riviera Tour 'ART'** is an ephemeral art exhibition that includes a rigorous selection of international artists. The first edition of the temporary exhibition took place in Saint-Tropez in September 2020. With the help of many partners, the exhibition took over the patio and rooftop of the prestigious Hotel de Paris.

The second edition held in Saint Jean Cap Ferrat in July 2021, was a real success with 25 painters, photographers, sculptors and furniture designers exhibited their creations.

**The next edition of ART will take place in Saint-Jean-Cap-Ferrat in the South of France from July 11<sup>th</sup> to 24<sup>th</sup>, 2022.**

# LAURA CASINI

To live in harmony with the universe, each living being must activate its highest energies. Through her creations, Laura Casini, chromatic poetess, stimulates and activates these energies bringing to the observer a strong feeling of vitality. Movement, light, and colors are the main elements of her artistic expression. Her works is to be touched and felt. All her Art is about meaning and connection. Layers of iridescent colors merge to create a deep sense of depth and seem to dance on the canvas. Her creations change endlessly depending on the lighting and the orientation we give to the work. Femininity and strength radiate from her paintings. Be inebriated, be surprised allowing her Art, being in a spot without a lot of direct light, to reveal you its own secret radiance.

# ROGER DAME

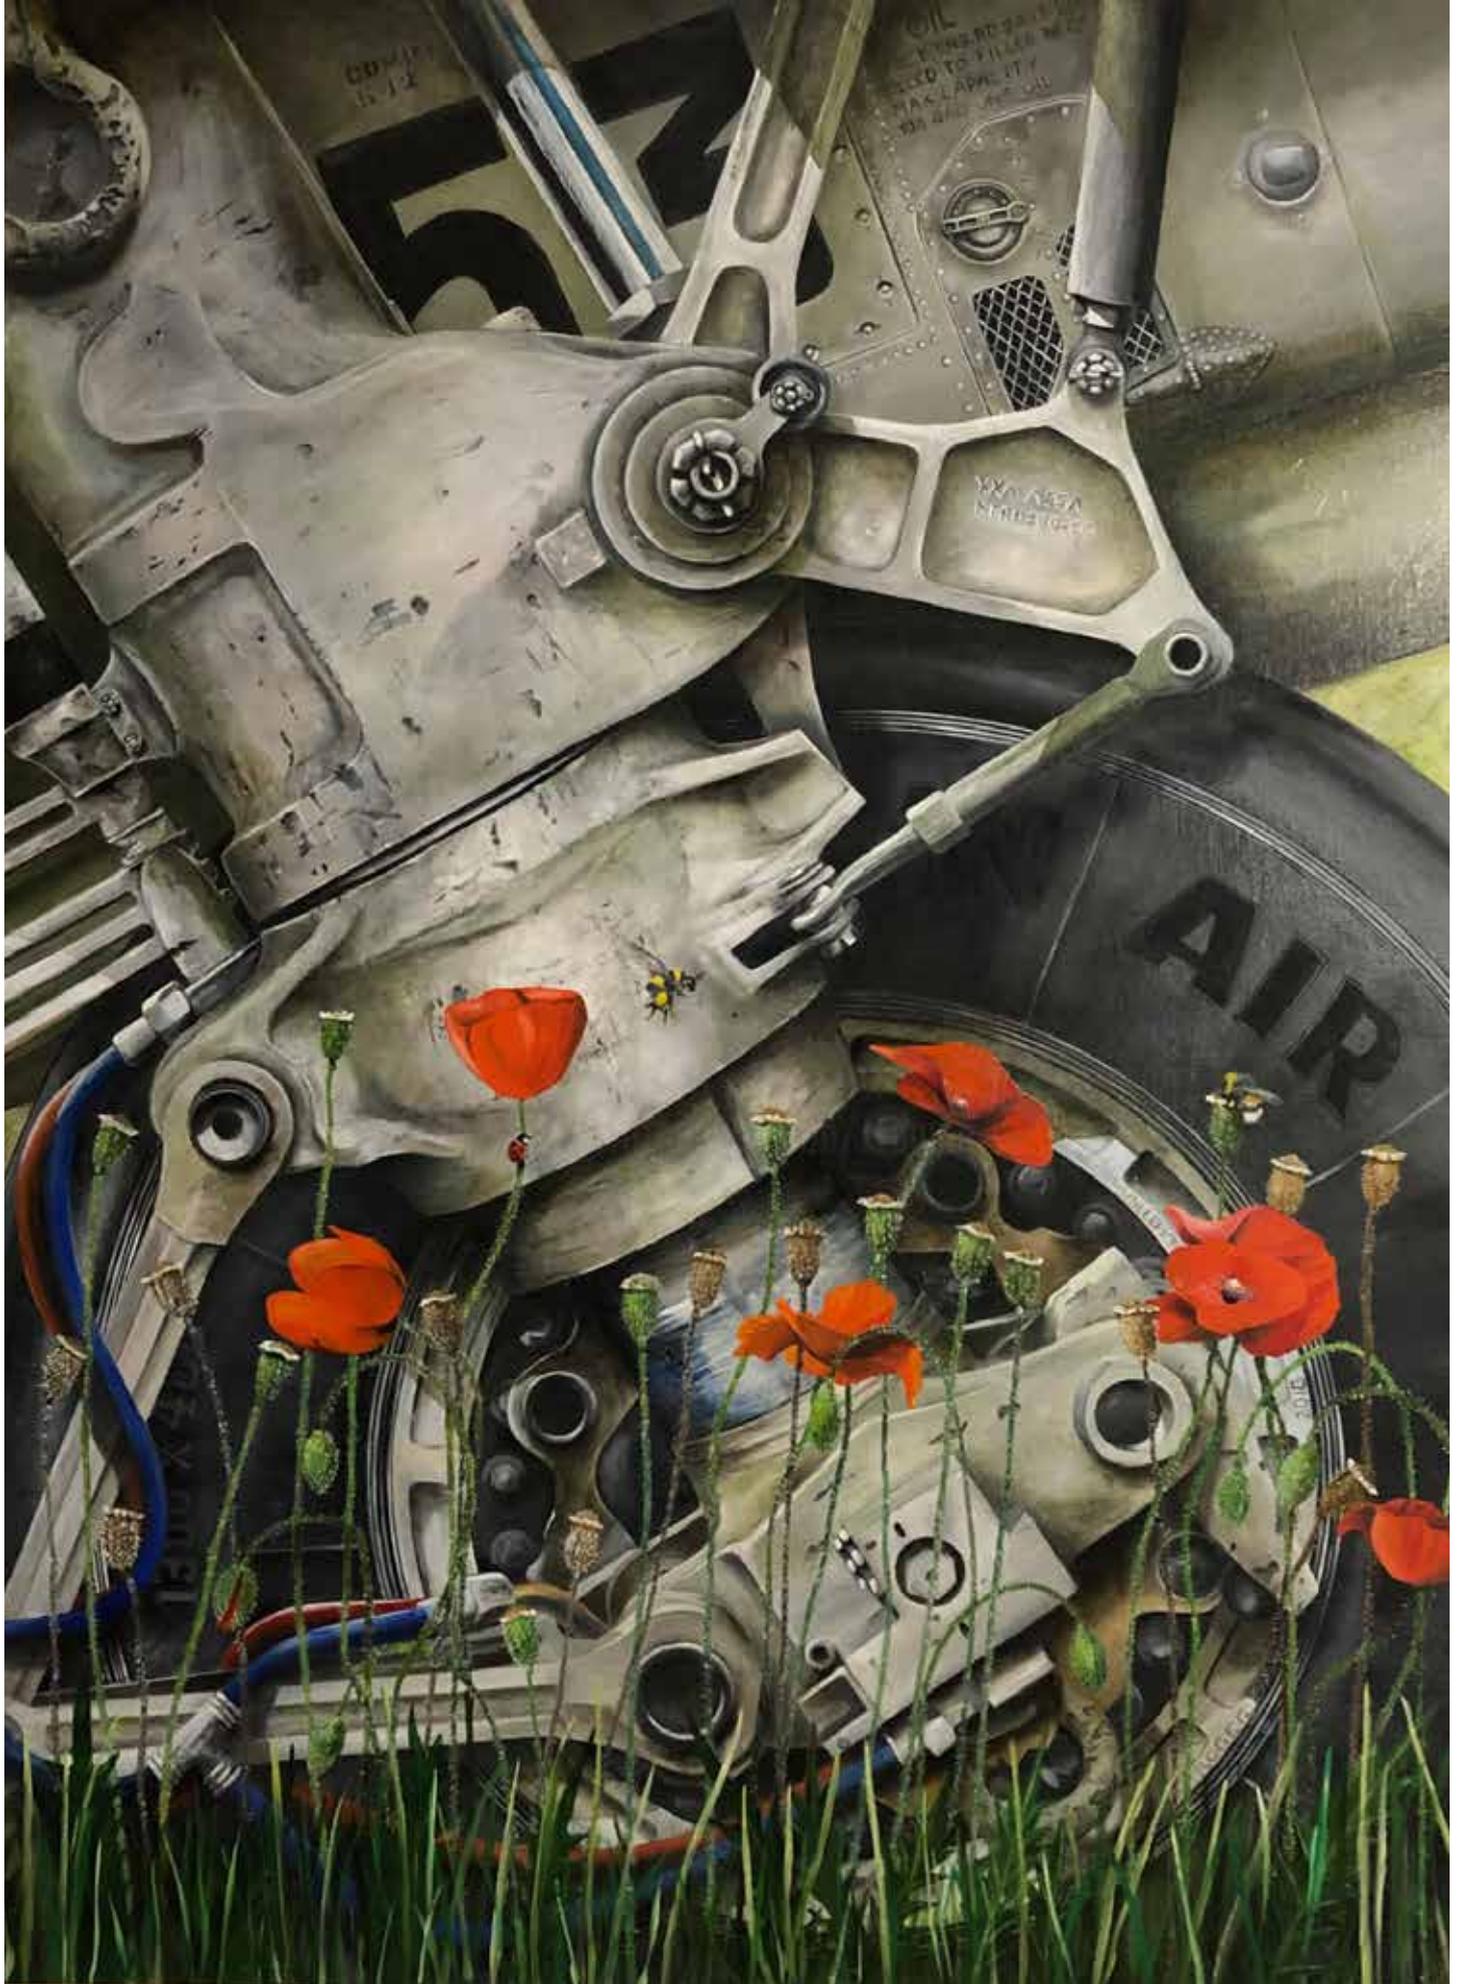

Born in 1960 in the Loiret region in France, Roger Dame has been drawing since he was a child and start painting in gouache at 14.

Through his very varied works, he seeks a freeze frame of present or past time. His specialty is oil painting on linen canvas. He also works on high quality papier graphite and colored lead. Roger Dame is particularly fascinated by hyperrealism. His technique is classic and remains traditional: sketch by thin grisaille, then painting, retouching, details, and multiple glazes.

# CHRISTOPHE DE FIERLANT

Christophe de Fierlant is a Belgian painter and poet. He has been painting and writing poems since he was 17. After studying Art History, he had the idea of creating a bridge between his two art forms. In his paintings, which have been growing lately, and which could be described as abstract expressionist, his poems are the backbone. He creates his own world where colors, movements and words provide emotions that never leave you indifferent. Besides, he thinks that color (given that white and black are colors) is the most important thing in art. Particular sign: He paints a jacket for each new opening!
