ABOUT

Wendy Lauwers, founder of Multi Art Events/Gallery Monaco, has been passionate about contemporary art for many years.

In 2013, she created Multi Art, an original concept dedicated to the promotion of contemporary art based on three pillars:

Multi Art Events: Organization of events

Multi Art Gallery: Online gallery

Art Riviera Tour 'ART': Annual exhibition

The synergy of these three entities offers a unique perspective of contemporary art today where artists are placed at the heart of artistic news by propelling them both in the press and on social networks, as well as in notoriety through events and the follow-up we do for each artist individually.

With a personal background that began with foreign languages, through interpreter studies and then a degree in psychology, she is infinitely interested in the complexity and diversity of human beings. In fact, it became clear to her that art was a major social vector and a particularly effective medium for exchanging ideas.

Through Multi Art Events/Gallery Monaco, Wendy aimed at creating a platform for the development of artistic projects and organize large-scale events in France and abroad. In particular, she has rethought the concept of the traditional art gallery by creating Multi Art Gallery, an online contemporary art platform featuring works by listed artists. Multi Art Gallery also provides occasional support for events such as the Art Riviera Tour in exceptional locations.

With a lifelong interest in art and a background in public relations, Wendy offers her experience as a communicator to her artists in order to optimize the exhibition of their works, both in Monaco and abroad.

MULTI ART EVENTS

Multi Art Events is an artistic platform renowned for the quality of its own events and for its collaborations with a number of major international events. It creates artistic encounters and events, showcasing artistic creation in all its forms and in the diversity of its most striking trends. By joining the Multi Art Events community, artists not only take part in exhibitions, but also benefit from regular media support and a high profile on social networks. Painters, sculptors, photographers and other visual artists come together under this label at events featuring both established international artists and promising young emerging artists.

Multi Art Events is also a network of private collectors and international art lovers who follow Wendy Lauwers as much out of friendship as out of respect for the discerning eye of this passionate artist.

In just a few years, Wendy Lauwers has established the Multi Art Events style and signature, both in the Principality of Monaco and throughout the Côte d'Azur, before developing events in Paris and then internationally.

Nice-Matin describes Multi Art Events' exhibitions on the Côte d'Azur as "of Fresh Art", thanks to the delicious mix of genres and the dynamism of these exhibitions of international artists in a setting that is at once warm, elegant and skilfully thought out to highlight the artist's messages.

MULTI ART GALLERY

Wendy Lauwers wanted to rethink the concept of the traditional art gallery, adapting it to today's expectations. Multi Art Gallery is an online contemporary art gallery that offers its artists and collectors the same services as a traditional gallery.

Multi Art Gallery represents contemporary artists from all over the world, each representing a strong current in his or her own artistic discipline (painters, sculptors, photographers, designers...). This virtual gallery also accompanies events organized from time to time in exceptional locations. Many of Multi Art Gallery's artists have been with us for years, honoring us with their trust.

ART RIVIERA TOUR

Wendy Lauwers' Monegasque online gallery, Multi Art Gallery, has created the first edition of the Art Riviera Tour in 2020. Art Riviera Tour 'ART' is an ephemeral art exhibition featuring a rigorous selection of international artists.

The first edition, organized in Saint-Tropez in 2020 with the help of numerous partners, took over the patio and rooftop of the prestigious Hôtel de Paris. Since 2021, Art Riviera Tour has been held in July in Saint-Jean-Cap-Ferrat in collaboration with the town hall. Since 2025, a new exhibition has taken place in the Gulf of Saint-Tropez.
